Dear parents/carers,

Banyan Fields Primary School is looking forward to another great year of teaching and learning and would like to advise you of Banyan Fields Primary School financial contributions for 2026.

Schools provide students with free instruction to fulfil the standard Victorian curriculum, and we want to assure you that all contributions are voluntary. Nevertheless, the ongoing support of our families ensures that our school can offer the best possible education and support for our students. We want to thank you for all your support, whether that's through fundraising or volunteering your time. This has made a huge difference to our school and the programs we can offer.

Within our school this support has allowed us to purchase resources so that students can access equipment to support their learning. These resources have included hands on equipment in Maths, high quality and high engagement literature in our library and classrooms, and up to date and engaging resources for our specialist programs. Parent Payments have also helped us to fund our digital technology resources including software and apps used to support and engage students in their learning. We are only able to provide these high-quality resources and programs because of your support, so thank you.

For further information on how Parent Payments support our student's learning and current school programs please review the cost breakdown within each section of the Parent Payment categories Curriculum Contributions, Other Contributions and Extra-Curricular Items and Activities.

For further information on the Department's Parent Payments Policy please see a one-page overview attached.

Yours sincerely,

Patrick Halpin
Principal

Jade Russo
School Council President
